

Behavioral Health Interns Welcome!

Duffy Health Center is happy to offer foundation and second year social work and mental health counselor internships.

Behavioral Health internships provide an excellent learning environment and opportunities to gain essential counseling skills. An internship at Duffy Health Center offers practical experience with acute chronic homeless individuals, various mental health diagnoses, and substance use diagnoses. Interns are an integral part of the clinical care teams at Duffy Health Center.

Behavioral Health Interns at Duffy Health Center will develop skills in the following areas:

- Outpatient care
- Biopsychosocial assessments
- Diagnosing
- Treatment planning
- Multidisciplinary team member
- Case management
- Discharge planning
- Crisis intervention
- A variety of clinical modalities including but not limited to: cognitive behavioral therapy; motivational interviewing; brief solution focused therapy; dialectical behavioral therapy; trauma-informed therapy; strength-based treatment
